PUBLISHED ON 22 Aug 2015

My passion for serving the community began early when I was a young Girl Guide. I participated in many activities such as visiting old folk homes, food donation drives and environmental recycling projects. I learnt that giving without expectation of return is a joy.

This carried on into my professional life, when I started volunteering in Bukit Panjang PAP Branch's in 2003. During this period, I observed first-hand the needs of the elderly and the opportunity for them to lead meaningful dignified lives.

Helping people has been such an integral part of my life for more than a decade. When I am able to help improve the lives of the people, it really motivates me and I want to do more.
