

2 dead, 3 injured in three-way Bugis crash

By [Name]

A truck, van and a car were involved in a three-way pile-up on the highway, resulting in two deaths and three injuries. The crash occurred on the highway near the Bugis interchange, where a truck carrying a load of construction materials lost control and crashed into a van and a car. The van driver was killed, and the car driver was also killed. Two other people were injured in the crash. The truck driver was not injured. The crash occurred at about 10:30 p.m. on Wednesday. The highway was closed for several hours to allow for the removal of the vehicles and the investigation of the crash. The police are currently investigating the cause of the crash. The truck was carrying a load of construction materials, including pipes and other items. The van was carrying several people. The car was a small sedan. The crash occurred on the highway near the Bugis interchange, which is a busy area of the city. The highway is used by many vehicles, and the crash highlights the dangers of driving on busy roads at night. The police are urging drivers to be careful and to avoid driving under the influence of alcohol. The crash is a reminder of the importance of safe driving practices.
